

40 Days for Life

Statement of Peace

Peaceful solutions to the violence of abortion are the goal of the Houston Coalition for Life and the organizations that are endorsing the 40 Days for Life Campaign. There will be trained Sidewalk Counselors present who will peacefully and lovingly offer alternatives to the women entering Planned Parenthood and Stand & Pray volunteers also present.

We are a peaceful organization. Any bombings, vandalism, assaults, arsons, or threats in other parts of the nation against abortion facilities contradict the purposes of the Houston Coalition for Life. To counter violence with violence is against our principles. Pro-lifers have consistently worked peacefully through the democratic process in order to reach our goal – the end of violence within clinic walls.

Therefore, any violent actions against abortion clinics are unrelated to the Houston Coalition for Life and its efforts. We reject any attempts to link any isolated incidents to the Pro-Life movement, which is composed of citizens who are committed to restoring the civil rights of the unborn child and additionally to helping the woman facing a problem pregnancy.

Anyone belonging to, or acting in the name of the Houston Coalition for Life or any of the organizations endorsing the 40 Days for Life campaign must adhere to this statement of non-violence.

There are peaceful alternatives to abortion. There have to be.

I, _____, agree with this statement of peace and will adhere to it.
