A New Season of Prayer. The Same Mission.

In September of 2025, the largest Planned Parenthood in the Western Hemisphere closed its doors right here in Houston. We rejoice in this victory — and we give thanks. **That closure is proof of the power of faithful, persistent prayer.**

As we enter this upcoming 40 Days for Life campaign, we do so with gratitude and discernment, asking:
Where is God calling us now?

Why This Year Looks Different

While this major facility has closed, **abortion has not disappeared.** With abortion pills now widely available across the US, often obtained online and used in isolation, it is more important than ever that our community knows the sanctity of life and that life-affirming help exists.

There are still four Planned Parenthood locations in Houston, but most are located in areas with no public parking or safe, lawful access for peaceful prayer. We are committed to remaining law-abiding, peaceful, and respectful, and we do not want to place participants at risk of being towed or asked to leave private property. **So we are adapting.**

An Invitation for Everyone

Instead of gathering at one location, prayer will now rise from dozens of churches across Houston. During this 40 Days for Life campaign, we are inviting churches to host a one-hour prayer service or Holy Hour on one or multiple days during this 40-day campaign dedicated to the inherent value of every human life and to ending abortion.

Together, we celebrate what God has already done, and we continue praying boldly for the lives still at risk, the women and families who need support, and a culture that chooses life.
